3rd August 2020

Dear Parents/Carers,

It is with a heavy heart that I announce WATCH Disability Services will once again have to close its Day Service operations. This will be for the next six weeks or until further advise from the Victorian Government.

In light of the recent outbreaks in Age Care, schools and Child Care, we are taking this step to ensure our participants and staff stay as safe as possible through these very challenging times.

Narelle will be keeping in contact with families and carers throughout this time, so please let her know of any adverse affects that your family or participant may be experiencing and if there is anything we can do to support you.

Please stay safe and hopefully these restrictions will see a better outcome for all Victorians.

Kind Regards

Bernadette Baillie  
CEO
